HANDICAPPED.

This is the Case With Many Maysville People.

Too many Maysville citizens are handicapped with a bad back. The incessant pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Dean's Kidney Pills cure sick kidneys and cure them permanently. Can you doubt Maysville evidence?

Mrs. Nathan A. Hafer, Maysville, Ky., says:

"My opinion of Dean's Kidney Pills is so high that I have not the least hesitation in publicly recommending them. For ten years I was bothered by kidney complaint, during which time I tried various remedies without obtaining benefit. There was a constant, dull ache across my back, often accompanied by sharp rheumatic twinges throughout my body. I was also subject to nervous headaches and dizzy spells, and on arising in the morning I felt tired. My husband advised me to give Dean's Kidney Pills a trial, and I procured a box at J. Jas. Wood & Son's Drugstore. They cured me in a short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

BE SURE OF GOOD CROPS!

The seeds we sell are the sure-to-grow kind. You are not taking chances when you plant them. You can feel from the time you put them into the ground that you are sure to win—that you'll have profit-yielding crops. There's no such thing as fail when

LANDRETH'S SEEDS

are planted. We are Landreth's distributing agents for this country. Seeds from this reliable seed house can always be depended upon to turn out just as represented because they are all fresh 1909 seeds grown especially for 1910 planting. They are the seeds to plant for early truck because they'll germinate quicker and mature earlier than any seeds you can buy. They cost no more than uncertain kinds. We know that if you plant our seeds this year you will next and for years to come. Your this year's crops will demonstrate to you that you cannot afford to plant any other kind of seeds.

Mr. George H. Scott, aged 30, of this city, and Miss Tucke Robertson, aged 26, the handsome daughter of Sheriff Thomas R. Robertson of Bracken county, will be married today at the home of the bride's parents in Augusta.

The bride is a relative of Mrs. Gordon Gilmore of this city.

IMPORTANT CASES PENDING

Will Be Heard at Next Session of the United States Court

Several important suits will be called before United States Judge A. M. J. Cochran when the Federal Court convenes at Covington on Monday next.

In addition to the cases of the twelve Grant county tobacco growers, two other suits growing out of "night riding" operations will also be called. One is that of W. S. Henderson vs. Jett and others. The defendants are all residents of Bracken county, where Henderson was engaged in buying tobacco, and it is alleged that he was driven from his place of business and was forced to go to Cincinnati.

This suit was tried at a former term of Court and strict instructions were issued by the Court. The Jury returned a verdict of \$250 damages for Henderson, and his Attorneys, Myers & Howard, immediately applied for a new trial on the grounds that the amount was insufficient and that members of the Barley Tobacco Society were members of the Jury. Henderson was suing for \$25,000 damages.

In granting the motion for a new trial Judge Cochran stated that the venue of men for Jury service would be drawn from the mountain divisions of the State, where little or no prejudice in favor of the Burley Society is held by the residents.

Another case also growing out of the night rider trouble is that of Frank Eckler against Elbert Riddle and others for \$25,000 damages for assault. The defendants in this suit are residents of Pendleton county and are said to have assaulted Eckler because the latter refused to pool his tobacco.

Correspondence
MORANSBURG.

Mr. Elihu Moran is visiting his sister, Mrs. P. L. Bush, at Ashland.

Peach trees are budding and there is prospect for plenty of fruit.

The children of Mr. Frank Kerr have recovered from the scarlet fever.

Mrs. Joseph Slack was summoned to the bedside of her brother in Russellville, O., who is seriously ill.

Miss Mary Colvin closed her school at South Ripley last Friday and is now at her home on Jersey Ridge.

Farmers are very busy this beautiful March weather. She is certainly paying up for the severe winter.

A good many of our citizens attended the Ashbury sale at Fernleaf, everything sold bringing top prices.

Mrs. Luella Tuggey closed her school last Monday, many of the pupils winning prizes for good lessons and deportment and receiving a treat from their much-loved teacher. The parents also surprised Mrs. Tuggey by coming in with ice cream and cake, which was thoroughly appreciated and enjoyed by all.

Attention of readers of THE LEDGER is directed to the advertisement elsewhere of the Washington Manufacturing and Mining Company, located at Myers. They offer 1,000,000 feet of lumber at a very low price for the next thirty days and if you are interested now is your chance to get lumber cheap.

KENTUCKY OWES A MILLION AND A HALF

A total of \$463,370 of the appropriations made by the General Assembly at its recent session, will be paid by the State. Governor Wilson approved, or allowed to become a law, bills appropriating that much money. Of this he allowed to become a law without his signature a total of \$274,792.57. Adding this amount of appropriations allowed to the deficit of \$1,133,660, which already exists, leaves, the Governor says, a deficit of \$1,497,070.39. The appropriations made and allowed by the Governor would require an increase in the tax rate of 6 cents if the amount is paid. He says some of this can be made up reducing expenses.

Steamboatmen are having their troubles with riverboats now that the warm weather has arrived. Many Negroes cannot be persuaded to work, despite the fact that the wages offered are high.

SHOT UP THE TOWN

Pete McMillan Terrorizes East Fourth Street With Gun and Pistol and Lands Behind Bars

Last night about 9 o'clock the otherwise peace and good order of East Fourth street was violently disturbed by the cow boy actions of one Pete McMillan, a white youth aged about 20 years, who, crazy drunk and armed with gun and pistol, shot up the town in true wild and woolly Western style.

Pete, with his trusted weapons, enlaided the street, and for a time there was a semi-panic in East Fourth above Plum, especially among the colored denizens, who howled with fear while the battle was in progress. Pete being drunk and firing at the atmosphere pre-meditately hit nothing, fortunately, but a few holes in the air. Chief Ort and all his Police force were called to the scene and had much trouble in capturing, disarming and dragging Pete to the Bastille, where he now languishes in silent humor for trial this afternoon in the Police Court.

There are six other cases on the Police Court docket.

THE GIRLS' DEFY.

The Maysville Basket Ball Team challenges the Maylrick girls to a game of basket ball under the following conditions:

1. That the game be played either indoors or outdoors on a field free from obstructions no more than five feet shorter than the regulation field as called for in Spalding's Guide Book.

2. That the referee be a person from outside Mason county, well known in basket ball circles.

3. That the umpire be a person who is accustomed to officiate games and one satisfactory to both teams.

4. That the game be played as formerly—open field and five girl teams—otherwise strictly in accordance with Spalding's Guide Book for Women.

5. That the game be played within three weeks.

6. That each team send two representatives to some convenient place to meet and arrange details.

The Maysville team wishes to add that irrespective of the outcome of this game, this is the last challenge Maysville will either give or accept from Maylrick. We have found that the last game engendered so much ill feeling toward Maysville in the Maylrick community that we prefer to play only teams that play in the friendly and sportsmanlike spirit that has hitherto marked our games.

"It Was No Guess!"

When we said in our last week's ad, we would be rushed the latter part of the week. It certainly was a big day for Maysville's merchants. Christmas Eve business is no longer in the same class as the Saturday before Easter Sunday. When you see the "Boys" with their "Hechinger" Suits on you will not wonder at the stream of suit boxes carried out of our store in the past few days. No suits like them shown elsewhere. There is an individuality to our this spring's clothes that stamps them way out of the ready-made clothes appearance. They are strictly on lines of the high-class merchant tailors' productions.

Our Shoes, Hats and general line of Furnishing Goods are right in the same class as our Clothing.

Don't fail to call for tickets on our "Victrola." If you don't care for it our Mr.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.
